WHEREAS, Joseph Patrick Moloney served as a member of the Ninety-first Infantry Division of World War I; and

WHEREAS, Joseph Patrick Moloney began his service with the Legislature as Page to the Lieutenant Governor at the session of 1905, served the Senate as Assistant History Clerk and Assistant Minute Clerk during the Session of 1927 and was elected Sergeant-at-Arms of the Assembly in the Session of 1935 and served as Assistant Minute Clerk in the Session of 1937, shortly after which he joined the staff of the Legislative Bill Room where he has served continuously for over 15 years; and

WHEREAS, Through all of his years of service Joe Moloney has demonstrated a conscientious attention to the details of his work at the same time maintaining an attitude of fraternal good will toward his fellow workers and a courteous and considerate attitude toward the general public; and

WHEREAS, Joseph Patrick Moloney is the only attache of the Senate who ever felt it necessary to effectively "pin back the ears" of a President of the Senate and "get away with it" which he did on one momentous occasion; and

WHEREAS, All persons who have had dealings with the Legislative Bill Room and particularly the Members of the Senate, to whose wants Joe has always rendered a sympathetic ear, will keenly miss him at his accustomed place at the office in which he has served so creditably; now therefore be it.

Senate Resolution No. 171

Relative to instructing the Director of the Department of Fish and Game to formulate a Warden Training Program, and initiate such parts thereof as can be financed through existing revenue.

WHEREAS, The Legislature at this 1959 session has passed and the Governor has signed into law as Chapter 871 of the Statutes of 1959, legislation giving deputized law enforcement officers of the Department of Fish and Game the power of peace officers; and

WHEREAS, This additional power should be exercised so as to avoid any untoward incidents resulting in lawsuits, and rather should be exerted in a competent, capable manner in the best tradition of efficient law enforcement procedure; and,

WHEREAS, These Fish and Game Wardens are also generally the public's only personal contact with the Department of Fish and Game, and for this reason have the added function of fostering and promoting good public relations; now, therefore, be it

Resolved by the Senate of the State of California, That a more comprehensive training program for these deputized law enforcement officers of the department is essential to the effective carrying out of their responsibilities, which training should include instruction in the law they are required to enforce and the law of arrest, the techniques involved in obtaining, preserving and presenting of legal evidence, the law of search and seizure, and courses in human relations; and be it further

Resolved, That the Director of the Department of Fish and Game be, and he is hereby directed to formulate such a training program, its costs and possible methods of financing, and to report the details of such program to the Legislature at its 1960 Budget Session; and further that as much of this type of training be initiated during the 1959-60 Fiscal Year as availability of existing funds will permit; and be it further

WHEREAS, The influence of broadcasting and telecasting upon the public welfare is of such magnitude that only the proper measures of its responsibility is the common good of the whole people; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California jointly, That the Legislature of the State of California respectfully memorializes Congress and the Federal Communications Commission to exercise such controls that may be necessary to insure that programs and advertising, with particular attention to the length and frequency of broadcasting commercial messages be the best interests of the public welfare; and be it further

WHEREAS, The California Horse Racing Board has, by the adoption of wise rules, benefited the horse owners participating in said fairs, especially by the adoption of the rule which places no penalties upon horses for their money winnings in fair meets; and

WHEREAS, It is fitting and proper that the Legislature in the State of California take cognizance of the California Horse Racing Board and its successful supervision of racing at the fairs enumerated herein; now, therefore, be it

Resolved by the Senate of the State of California, That the Senate of the State of California does hereby commend the California Horse Racing Board for its cooperation with the California State Fair and Exposition and with California district and county fairs; and be it further

WHEREAS, The many problems related to the state development of water resources require the continued study of a legislative committee; and

WHEREAS, Legislative committees and the Legislature have in the past considered principally the questions of financing such development and the adoption of measures adequate to protect the present and future water needs of all areas of the State; and

WHEREAS, In connection with the state water development, the Legislature has given little consideration to the many related policy problems which should be determined by the Legislature prior to submission of a bond issue to the public; and

WHEREAS, Insufficient time remains in the present session of the Legislature to give full and adequate consideration to the many vital policy questions which remain unsolved; now, therefore, be it

Resolved by the Senate of the State of California, That the Committee on Rules be directed to refer to the appropriate interim committee created at this session of the Legislature the following questions for said committee to study and report thereon to the Legislature at the 1961 Regular Session:

(a) Should public agencies be given a preference in the purchase of water and power and, if so, how shall such preference be exercised?

(b) How shall project costs be allocated to the various project beneficiaries?

(c) Shall the charge for irrigation water be subsidized either directly by the taxpayers or through increasing the charge for municipal and industrial water for power or for other services and commodities available from the projects?

(d) On what basis shall water and power and other commodities and services available from state projects be priced?

- (e) Shall the State construct water and power transmission systems?
- (f) Shall the State expend funds for development of recreation facilities at reservoirs created as a part of the State Water Plan?
- (g) Shall the State establish a limit on the amount of water which will be made available from state projects to irrigate land in order to prevent unjust enrichment?

SEC. 51. The board of directors of the Antelope Valley-East Kern Water Agency organized under this act shall consist of seven members, and only one director shall be a resident of a division of the agency. The governor shall appoint the first board of directors for each of the seven divisions of such agency, which divisions shall be numbered first, second, third, fourth and fifth, sixth and seventh, and shall be established by the Director of the State Department of Water Resources according to and based upon the population as to equalize, as nearly as practicable, the population in the respective divisions, or reestablished as provided in Section 93 of this act. All successors of the first board shall be elected or chosen at the time and in the manner hereinafter provided. Each director shall hold office for the term of four years from and after the date for his taking of office, as herein provided, and until the election and qualification of his successor, except that the seven members of the first board of directors shall classify themselves by lot so that three of them shall hold office until the qualification of, and taking of office by, their successors elected at an election held in the next succeeding even-numbered year, and so that four shall hold office until the qualification of, and taking of office by, their successors elected at an election held in the second succeeding even-numbered year.

The elections of directors shall be held at the time of the direct primary election and shall be consolidated therewith. Each candidate for director who at such election receives votes on a majority of all the ballots cast for candidates for the

office for which he seeks nomination shall be elected to such office. If at such primary election, as to any such office, none of the candidates receives such majority, the two candidates who receive the highest number of votes cast on all the ballots cast for candidates for such office, shall be the candidates for such office at the ensuing Agency election, which latter election shall be held at the same time as the next succeeding general election and shall be consolidated therewith. Candidates shall declare their candidacy and shall be nominated, election returns shall be canvassed, the election shall be held and conducted, the results shall be declared, and the certificates of election shall be issued, in the same manner as the declaration of candidacy, nomination, election, canvassing of returns, declaration of results, and issuance of certificates of election for county officers are made, declared, held, and conducted, and issued, so far as consistent with the provisions of this act and except as otherwise herein expressly provided. Directors elected hereunder, except the first board of directors, shall take office at the same time provided by the Government Code for county officers. Said election held at the time of the direct primary election and consolidated therewith shall be known as the General Antelope Valley-East Kern Water Agency Election and each other election which may be held by authority of this act or the Elections Code or other law applicable thereto shall be known as a Special Antelope Valley-East Kern Water Agency Election.

SEC. 52. If, on the sixty-fifth day prior to the day fixed for the agency general election, only one person has been nominated for each office or member of the board of directors to be filed at that election, or if no person has been nominated for any one or more of said offices, said board of directors shall by resolution entered in their minutes order that an election shall not be held, and shall immediately request that the board of supervisors of the county in which the agency or a greater portion thereof is situated, at a regular or special meeting held prior to the day of election, appoint, and the board of supervisors shall thereupon appoint, to the office or offices the person or persons who have been nominated, or if no person or persons have been nominated, any qualified person or persons. The person or persons so appointed shall qualify and take office and serve exactly as if elected at an agency general election.

In such case, the publication provided for in Article 6 (commencing at Sec. 2699), Chapter 2, Division 5 of the Elections Code shall, instead of calling an election, state that no election is to be held but that the board of supervisors will either appoint those nominated for the positions of directors or appoint a qualified person or persons to the office or offices for which no one has been nominated, as the circumstances may warrant.

SEC. 53. No person shall vote at any Antelope Valley-East Kern Water Agency election held under the provisions of this act who is not a voter within the meaning of the Elections Code, residing in the division of the Antelope Valley-East Kern Water Agency in which he casts his vote. For the purpose of registering voters who shall be entitled to vote at Antelope Valley-East Kern Water Agency elections, the county clerk or registrar of voters is authorized, in any county in which there is the Antelope Valley-East Kern Water Agency to indicate upon the affidavit of registration whether the voter is a voter of the Antelope Valley-East Kern Water Agency.

In case the boundary line of the Antelope Valley-East Kern Water Agency crosses the boundary line of a county election precinct only those voters within such Antelope Valley-East Kern Water Agency and within such precinct who are registered as being voters within the Antelope Valley-East Kern Water Agency shall be permitted to vote, and for that purpose the county clerk or registrar of voters is hereby empowered to provide two sets of ballots within such precincts, one containing the names of candidates for office in said Antelope Valley-East Kern Water Agency, and the other not containing such names, and it shall be the duty of the election officers in such precincts to furnish only those persons registered as voters within such Antelope Valley-East Kern Water Agency with the ballots upon which are printed the names of the candidates for office in Antelope Valley-East Kern Water Agency.

SEC. 54. The provisions of the Elections Code so far as they may be applicable shall govern all general Antelope Valley-East Kern Water Agency elections and all special Antelope Valley-East Kern Water Agency elections, except as in this act otherwise provided.

In counties in which the Antelope Valley-East Kern Water Agency is located the county clerk or registrar of voters is hereby given authority, and he hereby is authorized to have printed upon the official ballots provided for voters at elections for directors a heading in the same form as that provided by the Elections Code for non-partisan officers, which heading shall be marked "Antelope Valley-East Kern Water Agency," with a subheading "For a Member of the Board of Directors, Division _____ (here inserting the number of the division)—Vote for One," and beneath which shall appear the names of the candidates for the office of member of the board of directors for such division of the Antelope Valley-East Kern Water Agency, with the appropriate blank space for the writing in of the name of a candidate as desired by the voters, and with a voting square placed opposite the space. The ballots thus provided shall be furnished by the precinct officers only to those voters within their

respective precincts who shall appear on the register as duly registered voters, within that division of the Antelope Valley-East Kern Water Agency, and in precincts which lie partly within such Antelope Valley-East Kern Water Agency and partly without the precinct board shall be supplied with two kinds of ballots by said county clerk or registrar of voters, one of which shall contain the matters hereinabove set forth for the use of voters of the Antelope Valley-East Kern Water Agency, and the other of which shall be without such heading containing the names of candidates for the office of members of the board of directors, and which shall be furnished to those voters who are not voters of the Antelope Valley-East Kern Water Agency and who are voters of the precinct.

SEC. 55. The board of directors of the Antelope Valley-East Kern Water Agency shall call and canvass all elections involving matters of initiative and referendum and shall call all other elections which it is authorized to canvass.

The governing body calling or conducting any election under the provisions of this act shall fix the compensation to be paid the officers of the election and shall designate the precincts and polling places for each division of the agency and shall appoint the officers of such election, who shall consist of one inspector, one judge, and two clerks, unless in case of consolidated elections, other officers of election are required by law.

The voting precincts for any such election may be established and the boundaries thereof fixed and described by such governing body, or such voting precincts may consist of either the regular election precincts or portions thereof within the agency established for holding state or county elections, or a consolidation of any or all of such regular election precincts or portions thereof last established. If any Antelope Valley-East Kern Water Agency election is consolidated with any state or county election, then the voting precincts, polling places, and election officers for the agency election shall be the same as those established for such state or county election.

SEC. 56. Every incumbent of an elective office, whether elected by popular vote for a full term, or chosen by the board of directors to fill a vacancy, is subject to recall by the voters of the Antelope Valley-East Kern Water Agency organized under the provisions of this act in accordance with the recall provisions of the Elections Code of the State with reference to cities.

SEC. 57. The board of directors shall be the governing body of the Antelope Valley-East Kern Water Agency. It shall hold its first meeting as soon as possible after the appointment and certification of the first board of directors and not later than the sixth Monday after the date of the first election of directors as herein provided; it shall choose one of its members president, and shall thereupon provide for the time and place of holding its meetings and the manner in which its special meetings may be called. All legislative sessions of the board of directors whether regular or special shall be open to the public. A majority of the board of directors shall constitute a quorum for the transaction of business. At its first meeting in the month of January of each odd-numbered year, the board of directors shall choose one of its members president.

SEC. 58. The board of directors shall act only by ordinance, resolution, or motion. On all ordinances the roll shall be called and the ayes and noes recorded in the journal of the proceedings of the board of directors. Resolutions and orders may be adopted by voice vote, but on demand of any member the roll shall be called. No ordinance, motion, or resolution shall be passed or become effective without the affirmative vote of a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be: "Be it ordained by the Board of Directors of the Antelope Valley-East Kern Water Agency as follows:". Each of the members of the board of directors shall receive for each attendance at the meetings of the board twenty dollars (\$20). No directors, however, shall receive pay for more than three meetings in any calendar month. Any vacancy in the board of directors shall be filled by a majority of the remaining directors; the person so chosen shall be a resident of and otherwise qualified to be a director from the division in which the vacancy shall occur and shall hold office for the remainder of the unexpired term.

SEC. 59. The board of directors shall be the governing body of the Antelope Valley-East Kern Water Agency and shall at its first meeting, or as soon thereafter as practicable, appoint by a majority vote a secretary, treasurer, attorney, chief engineer, general manager and auditor, define their duties and fix their compensation, and each shall serve at the pleasure of the board, and may employ such additional assistants and employees as they may deem necessary to efficiently maintain and operate said district. Said board may consolidate the office of secretary and treasurer, and the offices of chief engineer and general manager.

SEC. 60. No informality in any proceeding or informality in the conduct of any election, not substantially affecting adversely the legal rights of any citizen, shall be held to invalidate the incorporation of the Antelope Valley-East Kern Water Agency and the legal existence of said Antelope Valley-East Kern Water Agency and all proceedings in respect thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 61. The Antelope Valley-East Kern Water Agency incorporated as herein provided, shall have power:

or is not so signed, he shall certify that the same is sufficient, or insufficient, as the case may be.

If by the certificate of the secretary of the agency the petition is found to be insufficient, said petition may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series respectively. The bonds shall bear interest at a rate or rates not to exceed five percent (5%) per annum, payable semiannually, except that interest for the first year may be payable at the end of said year. The board of directors may also provide for call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars (\$100). The principal and interest shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, and be signed by the president and treasurer of the agency, countersigned by the secretary of the agency, and the official seal of the agency attached. The interest coupons of such bonds shall be signed by the treasurer of said agency. All such signatures and countersignatures may be printed, lithographed or mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed.

If the bond election proceedings have been limited to and have applied only to an improvement district within said district, said bonds are bonds of the agency and shall be issued in the name of the agency and shall be designated "Bonds of the Antelope Valley-East Kern Water Agency for Improvement District No. _____" and each bond and all interest coupons thereof shall state that taxes levied for the payment thereof shall be levied exclusively upon the taxable property in said improvement district.

Before selling the bonds, or any part thereof, the board of directors shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if said board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds arising from the sale of bonds shall be paid into the treasury of the agency and placed to the credit of a special improvement fund and expended only for the purpose for which the indebtedness was created; provided, however, that when said purpose has been accomplished any moneys remaining in said special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds. Said remaining moneys remaining from the sale of bonds of the agency may also be used for some other agency purpose. Such moneys remaining from the sale of bonds of the agency for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district. Said moneys may not be used for said other agency purpose or improvement district purpose until two-thirds of the qualified voters of said agency or improvement district have consented thereto at a special election called in said agency or improvement district by the board of directors. Notice of said election shall be given in the manner provided for bond elections in said agency or improvement district, as the case may be, and in other respects the election shall be conducted as are other agency elections.

SEC. 73. Any bonds issued by the Antelope Valley-East Kern Water Agency are hereby given the same force, value and use as bonds issued by any city and shall be exempt from all taxation within the State of California.

SEC. 74. The board of directors shall have power to construct works along and across any stream of water, watercourse, street, avenue, highway, canal, ditch or flume, or across any railway which the route of said works may intersect or cross; provided, such works are constructed in such manner as to afford security for life and property, and said board of directors shall restore the crossings and intersections to their former state as near as may be, or in a manner not to have impaired unnecessarily their usefulness. Every company whose right of way shall be intersected or crossed by said works shall unite with said board of directors in forming said intersections and crossings and grant the rights therefor. The right of way is hereby given, dedicated and set apart to locate, construct and maintain such works along and across any street or public highway and over and through any of the lands which are now or may be the property of this State, and to have the same rights and privileges appertaining thereto as have been or may be granted to cities within the State. Any use, under this section, of a public highway now or hereafter constituted a state highway shall be subject to the provisions of Chapter 3 of Division 1 of the Streets and Highways Code.

SEC. 75. No suit shall be brought on any claim for money or damages against the Antelope Valley-East Kern Water Agency or the board of directors or any director or other officer or employee thereof, until a verified demand therefor shall have been filed, as herein provided, and rejected in whole or in part. If rejected in

part, suit may be brought to recover the whole. Except in those cases where a shorter period of time is otherwise provided by law, verified demands for all such claims for damages must be filed with the secretary of such agency within six months after the occurrence from which the damages arose or within six months after the effective date of this Section 18, and verified demands for all other claims shall be filed with the secretary of such agency within six months after the last item of the account or claim accrued or within six months after the effective date of this Section 18. Each such verified demand shall set forth with reasonable certainty the nature of the claim and shall contain the name and address of the claimant, the date of the occurrence from which the damages arose or the date when each item of the account or claim accrued, the total amount originally claimed, all payments thereon or offsets or credits thereto, the net amount due, owing, and unpaid on such claim, and if such claim shall have been assigned, the name of the original claimant and the names of all assignees and the full particulars of each assignment. Verified demands so filed with said secretary shall be presented to the board of directors at its next meeting, and failure of the board of directors to act upon any such verified demand within ninety (90) days from the date such demand is filed with said secretary shall be deemed to be a rejection thereof. Nor shall suit be brought against such agency or the board of directors or any director or other officer or employee thereof upon any claim or demand that shall have been approved in whole and audited for payment; provided, that nothing herein contained shall be construed so as to deprive the holder of any claim of his right to resort to writ of mandamus or other proceeding against the agency or the board of directors or any officer thereof to compel it or him to act upon such claim or to pay the same when so audited. If suit be brought on a claim allowed in part and rejected in part by the board of directors and no more is recovered in such suit than the amount so allowed by the board of directors, no costs shall be awarded to the claimant.

SEC. 76. No director or other officer, agent, or employee of the agency shall be liable for any act or omission of any officer, agent or employee appointed or employed by him unless he had actual notice that the person appointed or employed was inefficient or incompetent to perform the service for which such person was appointed or employed or unless he retains the inefficient or incompetent person after notice of the inefficiency or incompetency.

The agency may employ counsel to defend any litigation brought against any director or other officer, agent, or employee thereof, on account of his official action, and the fees and expenses involved therein shall be a lawful charge against the agency.

If any director or other officer, agent, or employee of the agency is held liable for any act or omission in his official capacity, and any judgment is rendered thereon, the agency, except in case of his actual fraud or actual malice, shall pay the judgment without obligation for repayment by such director or other officer, agent, or employee.

SEC. 77. The board of directors, so far as practicable, shall fix such rate or rates for water in the agency and in each improvement district therein as will result in revenues which will pay the operating expenses of the agency, and the improvement district, provide for repairs and depreciation of works, provide a reasonable surplus for improvements, extensions, and enlargements, pay the interest on any bonded debt, and provide a sinking or other fund for the payment of the principal of such debt as it may become due. Said rates for water in each improvement district may vary from the rates of the agency and from other improvement districts therein.

SEC. 78. If the revenues of the agency, or of any improvement district therein, are or in the judgment of the board of directors will probably be inadequate for any cause to pay the principal of or interest on any bonded debt of the agency, or any improvement district thereof, as it becomes due and also the amounts set forth in Section 77 of this act, the board of directors must cause a tax to be levied, as herein provided, sufficient to provide for such deficit and to pay the amount of such principal and interest as will become due before the proceeds of a tax levied at the next general tax levy will be available.

SEC. 79. The board of directors shall determine the amounts necessary to be raised by taxation during the fiscal year and shall fix the rate or rates of tax to be levied which will raise the amounts of money required by the Agency, and within a reasonable time previous to the time when the board of supervisors is required by law to fix its tax rate, the board of directors shall certify to the board of supervisors the rate or rates so fixed and shall furnish to the board of supervisors a statement in writing containing the following: (a) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of an interest on any bonded debt of the agency or of an improvement district thereof as will become due before the proceeds of a tax levied at the next general tax levy will be available; (b) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for all other purposes of the district. The board of directors shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, such board of supervisors

shall levy, in addition to such other tax as may be levied by such board of supervisors, at the rate or rates so fixed and determined by the board of directors, a tax upon the property within the Agency, or improvement district thereof benefited by the bonded debt, as the case may be, and it is made the duty of the officer or body having authority to levy taxes within each county to levy the tax so required. Taxes for the payment of the interest on or principal of any bonded debt shall be levied on the property within the Agency, or improvement district thereof, benefited by the bonded debt, as determined by the board of directors in the resolution declaring the necessity to incur the debt. Taxes for other purposes of the Agency shall be levied on all property in the district or portion thereof subject to the particular tax. And it shall be the duty of all county officers charged with the duty of collecting taxes to collect such tax in time, form, and manner as county taxes are collected, and when collected to pay the same to the Agency. Taxes for the payment of a bonded debt and the interest thereon shall be a lien on all the property benefited thereby as stated in the resolution of the board of directors declaring the necessity to incur the debt. All taxes for other purposes of the Agency shall be a lien on all the property in the Agency subject to the respective tax. Agency taxes, whether for payment of a bonded indebtedness and the interest thereon or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 80. Ordinances may be passed by the voters of this water agency organized under the provisions of this act in accordance with the methods provided by the Elections Code for direct legislation in cities.

SEC. 81. Ordinances may be disapproved and thereby vetoed by the voters of this agency by proceeding in accordance with the methods provided by the Elections Code for protesting against legislation in cities.

SEC. 82. Any portion of a county in which a municipal water district is situated, or any city, situated within such county, or both, may be added to the Antelope Valley-East Kern Water Agency organized under the provisions of this act, and such cities need not be contiguous and such unincorporated territory may consist of one or more parcels which need not be contiguous one with the other or with any such cities and such annexing area or areas need not be contiguous with the agency. Such annexation shall occur in the following manner. A petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by voters residing within the boundaries of the area proposed to be annexed equal in number to at least 10 per centum of the number of such voters voting for all candidates for the Office of Governor of this State at the last general election prior to the filing of such petition; provided, that where one or more cities are included in such proposed annexation, such petition must be signed by at least 10 per centum of the voters of each such city so voting at such election. Such petition shall set forth and describe the boundaries of the area proposed to be annexed and shall contain a prayer that such area be annexed to the Antelope Valley-East Kern Water Agency.

The text of such petition shall be published once a week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time at which the same is to be presented to the board of directors of the agency in at least one, but not to exceed three, newspapers printed and published in such county, together with a notice stating the time of the meeting at which the same will be presented. When contained upon one or more instruments, one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated.

Within 10 days of the date of the filing of such petition the secretary of the agency shall examine the same and ascertain whether or not such petition is signed by the requisite number of voters; and if requested by the secretary of the agency, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their compensation. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of voters or is not so signed, he shall certify that the same is sufficient or insufficient as the case may be.

If, by the certificate of the secretary of the agency, the petition is found to be insufficient, he shall also certify to the number of voters required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary of the agency shall, within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If his certificate shall show any such petition, or such petition as amended, to be insufficient, it shall be filed by him with the board of directors of the agency and kept as a public record, without prejudice, however, to the filing of a new petition

to the same effect. But if, by the certificate of the secretary, such petition, or petition as amended, is shown to be sufficient, the secretary shall present the same to the board of directors, without delay.

If any supplemental petition be filed, all the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of voters signing the petition.

After an election for the annexation of such area to the agency the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

Such petition may be granted by ordinance of the board of directors of such agency. In granting such petition, such board of directors may fix in said ordinance the terms and conditions upon which such annexation may occur, and such terms and conditions may provide, among other things, for the levy by the Antelope Valley-East Kern Water Agency of special taxes upon taxable property within such annexed area or areas in addition to the taxes elsewhere in this act authorized to be levied by such Antelope Valley-East Kern Water Agency, and in case such terms and conditions shall provide for the levy of such special taxes, the board of directors, in fixing such terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising such aggregate sum and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed. Such terms and conditions also may provide, among other things, that a special water rate may be fixed from time to time by the board of directors for the area or areas proposed to be annexed. If such petition is granted, the proposition of such annexation subject to the terms and conditions so fixed, shall be submitted to the vote of the voters in the proposed addition, at an election called by the board of directors and held, as herein provided, within 70 days after the effective date of such ordinance. Notice of such election shall be given by publication in a newspaper of general circulation published in the Antelope Valley-East Kern Water Agency once a week for three successive weeks, the last publication to be not more than four weeks nor less than one week prior to the date fixed for such election. Such notice shall describe the boundaries of the area or areas so proposed to be annexed and shall designate such territory by some appropriate name, or other words of identification, by which such territory may be referred to and indicated upon the ballot to be used at any election at which the question of such annexation is submitted, as in this act provided. Such notice also shall contain the substance of the terms and conditions fixed by the board of directors, as herein provided. The measure so submitted at such election shall be stated on the ballot substantially as follows: "Shall ----- (giving the name or other designation of the territory proposed to be annexed, as stated in the notice of election) be annexed to the Antelope Valley-East Kern Water Agency subject to the terms and conditions fixed by the board of directors of said agency?" At the right of such proposition there shall be printed the words "yes" and "no" with voting squares. The board of directors shall canvass the votes cast at such election and if such proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board of directors shall certify that fact to the Secretary of State and to the county recorder of the county in which such agency is located. Upon receipt of such last-mentioned certificate, the Secretary of State shall, within 10 days, issue his certificate reciting the passage of said ordinance and the addition of said area or areas to said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerk of the county in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area or areas named therein shall be deemed added to, and shall form a part of, said Antelope Valley-East Kern Water Agency, and the taxable property therein shall be subject to taxation thereafter for the purpose of said Antelope Valley-East Kern Water Agency, including the payment of bonds and other obligations of such agency at the time authorized or outstanding, and the board of directors of such Antelope Valley-East Kern Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Sec. 83. Uninhabited territory within a county or contiguous county to which the Antelope Valley-East Kern Water Agency is situated may be added to such agency pursuant to the provisions of this section. For the purposes hereof, territory shall be deemed uninhabited if less than 12 voters reside therein at the time of the filing of the petition for annexation or the initiation of proceedings by resolution of the board. Such uninhabited territory may consist of unincorporated territory only or of incorporated territory lying within the boundaries of one or more cities, or of both such unincorporated and incorporated territory; provided, that incorporated territory lying within the boundaries of any city may be added to such agency in accordance with the provisions of this section only if upon the annexation of such uninhabited territory the entire corporate area of such city will be included in such agency. Such uninhabited territory, whether consisting of unincorporated territory or of incorporated territory or of both such unincorporated and incorporated territory, may consist of one or more parcels, which need not be contiguous one with the other or with the agency.

Proceedings for the annexation of uninhabited territory to any agency may be initiated by petition. Such petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by the owners of not less than one-fourth of the land in such territory by area and by assessed value as shown on the last equalized assessment roll of the county in which such territory is situated. A guardian, executor, administrator, or other person holding property in a trust capacity under appointment of court, may sign any petition or protest provided for in this section, when authorized by the proper court, which authorization may be made without notice. The last equalized assessment roll of said county is prima facie evidence of the ownership of the land or lands lying within such territory proposed to be annexed. Such petition shall set forth and describe the boundaries of the area proposed to be annexed to the Antelope Valley-East Kern Water Agency pursuant to the provisions of this section.

The secretary shall present such petition to the board of directors of the agency at its next meeting, and said board, without delay, shall pass a resolution giving notice of the proposed annexation. Said resolution shall state that such petition has been filed, shall set forth and describe the boundaries of the territory proposed to be annexed, shall contain the terms and conditions of annexation, if any prescribed by the board as hereinafter authorized, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the annexation of such territory, or to the annexation of such territory upon such terms and conditions, as the case may be, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

The board of directors of any agency by resolution may initiate proceedings for the annexation of uninhabited territory to such agency. Such resolution shall declare that proceedings have been initiated by the board of directors under the provisions of this section, shall state the reason for proposing such annexation, shall set forth and describe the boundaries of the territory proposed to be annexed, shall contain the terms and conditions of annexation, if any, prescribed by the board as hereinafter authorized, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the annexation of such territory, or the annexation of such territory upon such terms and conditions, as the case may be, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

Said hearing shall be commenced not less than 20 nor more than 40 days after the passage of the resolution of the board of directors. The secretary of the agency shall cause the text of the resolution to be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time so fixed for the hearing, in at least one, but not to exceed three, newspapers printed and published in the agency.

After the date of issuance by the Secretary of State of his certificate reciting the passage of the ordinance approving the annexation and the addition of the uninhabited territory to the agency, the sufficiency of the petition or resolution shall not be subject to judicial review or be otherwise questioned.

At any time prior to the hour set for the hearing of protest, any owner of property within the territory proposed to be annexed may file with the secretary of the agency written protest against the annexation, or against the annexation upon the terms and conditions specified in the resolution, as the case may be. The protest shall state the name of the owner of the property affected, and the description and area of such property in general terms. At the hearing, which may be adjourned from time to time, the board of directors shall hear and pass upon all protests so filed. If such protests are so filed by the owners of one-half of the value of the territory proposed to be annexed as shown by the last equalized assessment roll of the county, further proceedings shall not be taken. If such protest is not made, the board of directors shall approve or disapprove the annexation by ordinance. Any ordinance approving such annexation shall set forth and describe the boundaries of the territory so annexed and the terms and conditions of annexation, if any, prescribed by the board as hereinafter authorized. If the board of directors disapproves the annexation, or the annexation subject to such terms and conditions, as the case may be, a new proceeding to annex any of the same territory shall not be initiated under this section for a period of 12 months from the effective date of the ordinance.

The board of directors may approve the annexation of such territory upon terms and conditions fixed by the board in the manner hereinafter provided. Such terms and conditions may provide, among other things, for the levy by the Antelope Valley-East Kern Water Agency of special taxes upon taxable property within such annexed area or areas in addition to the taxes elsewhere in this act authorized to be levied by the Antelope Valley-East Kern Water Agency, and in case such terms and conditions shall provide for the levy of such special taxes, the board of directors, in fixing such terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising such aggregate sum

and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed. Such terms and conditions also may provide, among other things, that a special water rate may be fixed from time to time by the board of directors for the area or areas proposed to be annexed. The board shall propose such terms and conditions either in the resolution adopted subsequent to the filing of a petition for annexation or in the resolution initiating the proceedings, as the case may be, or in a resolution adopted by the board at the hearing. Terms and conditions proposed in a prior resolution may be amended and the amended terms and conditions proposed in a resolution adopted by the board at the hearing. If such terms and conditions, or amended terms and conditions, are proposed by the board in a resolution adopted at the hearing, the board shall adjourn the hearing for not less than 20 nor more than 40 days, to a time and place to be fixed in such resolution, and said resolution shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the adjourned hearing, written protest to the annexation of such territory upon such terms and conditions. The secretary of the agency shall cause the text of the resolution to be published for the time and in the manner required for publication of the resolution giving notice of the original hearing. If prior to the hour set for the adjourned hearing, written protests, in the form hereinabove prescribed, to the annexation of such territory subject to such terms and conditions, are filed with the secretary of the agency by the owners of one-half of the value of said territory as shown by the last equalized assessment roll of the county, further proceedings shall not be taken. If such protest is not made, the board of directors shall by ordinance approve or disapprove the annexation. If approved, such annexation shall be subject to the terms and conditions or amended terms and conditions, so proposed by resolution of the board, which terms and conditions shall be set forth in the ordinance.

When an ordinance approving annexation of uninhabited territory becomes effective, the president and secretary of the board of directors shall file with the Secretary of State a certified copy of the ordinance. Upon receipt of the certified copy of the ordinance, the Secretary of State shall within 10 days, issue his certificate reciting the passage of said ordinance and the addition of said area or areas to said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerk of the county in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area or areas named therein shall be deemed added to, and shall form a part of, said agency, and the taxable property therein shall be subject to taxation thereafter for the purposes of said agency, including the payment of bonds and other obligations of such agency at the time authorized or outstanding, and the board of directors of the Antelope Valley-East Kern Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Notwithstanding the eligibility of any territory for annexation to an agency pursuant to the provisions of this section, the procedure herein prescribed shall not be deemed exclusive and such territory may be annexed to such agency as a separate parcel, or as part of a larger parcel, of territory annexed under the provisions of Section 82 of this act.

SEC. 84. Territory included within the Antelope Valley-East Kern Water Agency may be excluded from such agency; provided, that where any part of the corporate area of any city is included in the territory proposed to be excluded from the agency, the whole of the corporate area of such city, or part thereof, then included within such agency shall be included in the territory so proposed to be excluded from such agency. Such territory may consist of one or more parcels, which need not be contiguous one with the other.

Proceedings for the exclusion of territory from the agency may be initiated by petition. Such petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by voters residing within the boundaries of the area proposed to be excluded equal in number to at least ten (10) per centum of the number of such voters voting for all candidates for the office of Governor of this State at the last general election prior to the filing of such petition; provided, that where one or more cities, or parts thereof, are included in the area so proposed to be excluded, such petition must be signed by at least ten (10) per centum of the voters of each such city, or part thereof, so voting at such election. Such petition shall set forth and describe the boundaries of the area proposed to be excluded, shall state the reason for proposing such exclusion and shall contain a prayer that such area be excluded from the agency.

Within ten (10) days of the date of the filing of such petition the secretary of the agency shall examine the same and ascertain whether or not such petition is signed by the requisite number of voters; and if requested by the secretary of the agency, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their compensation. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he

shall find that said petition is signed by the requisite number of voters, or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be.

If, by the certificate of the secretary of the agency, the petition is found to be insufficient, he shall also certify to the number of voters required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within ten (10) days of the date of such certificate. The secretary of the agency shall, within ten (10) days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If any supplemental petition be filed, all the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of voters signing the petition.

If his certificate shall show any such petition, or such petition as amended, to be insufficient, it shall be filed by him with the board of directors of the agency and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the secretary, such petition, or petition as amended is shown to be sufficient, the secretary shall present the same to the board of directors without delay.

The text of such petition shall be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks, before the time at which the same is to be presented to the board of directors of the agency in at least one, but not to exceed three, newspapers printed and published in such agency, together with a notice stating the time of the meeting at which the same will be presented. When contained upon more than one instrument, one copy only of such petition need be published. No more than five of the names attached to said petition need appear in such publication of said petition and notice, but the number of signers shall be stated.

After an election for the exclusion of such area from the agency the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

The board of directors of the agency, by resolution, may initiate proceedings for the exclusion of territory from such agency. Such resolution shall describe the boundaries of the area proposed to be excluded, shall state the reason for proposing such exclusion, shall require all persons interested in the proposed exclusion to appear before the board and be heard as to why said area should not be so excluded, shall fix the time of the meeting of the board at which persons so interested will be heard, and shall direct the secretary of the agency to give notice thereof. The secretary whereupon shall cause the text of said resolution and a notice of the time and place of said hearing to be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks, before the time so fixed for the hearing, in at least one, but not to exceed three, newspapers printed and published in the agency.

After an election for the exclusion of such area from the agency the sufficiency of such resolution shall not be subject to judicial review or be otherwise questioned.

If the proceedings for exclusion have been initiated by petition, such petition may be granted by ordinance of the board of directors of such agency. If such proceedings have been initiated by resolution, the board of directors shall hear all persons interested in the proposed exclusion who appear at the hearing, which may be adjourned from time to time, and after the conclusion of the hearing, the board may determine by ordinance that such area should be excluded from the agency. If such petition is granted or if such determination is made, the proposition of such exclusion shall be submitted to the vote of the voters within the area proposed to be excluded, at an election called by the board of directors and held, as herein provided, within 70 days after the effective date of such ordinance. Notice of such election shall be given by publication in a newspaper of general circulation published in the agency once a week for three successive weeks, the last publication to be not more than four weeks nor less than one week, prior to the date fixed for such election. Such notice shall describe the boundaries of the area so proposed to be excluded and shall designate such area by some appropriate name, or other words of identification, by which such area may be referred to and indicated upon the ballot to be used at any election at which the question of such exclusion is submitted, as in this act provided. The measure so submitted at such election shall be stated on the ballot substantially as follows:

"Shall ----- (giving the name or other designation of the area proposed to be excluded, as stated in the notice of the election) be excluded from the Antelope Valley-East Kern Water Agency?"

At the right of such proposition there shall be printed the words "Yes" and "No" with voting squares. The board of directors shall canvass the votes cast at such election and if such proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board of directors shall certify that fact to the Secretary of State. Upon receipt of such last-mentioned certificate, the Secretary of State shall, within 10 days, issue his certificate reciting the passage of said ordinance and the exclusion of said area from said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerk of

the county or counties in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area named therein shall be deemed excluded from, and shall no longer form a part of, said Antelope Valley-East Kern Water Agency, but the taxable property within such excluded area shall continue taxable by the Antelope Valley-East Kern Water Agency for the purpose of paying the bonded or other indebtedness of the Antelope Valley-East Kern Water Agency outstanding or contracted for at the time of such exclusion and until such bonded or other indebtedness shall have been satisfied, to the same extent that such property would be taxable for such purpose if such exclusion had not occurred.

SEC. 85. Uninhabited territory included within the Antelope Valley-East Kern Water Agency may be excluded from such agency pursuant to the provisions of this section. For the purposes hereof, territory shall be deemed uninhabited if less than 12 voters reside therein at the time of the filing of the petition for exclusion or the initiation of proceedings by resolution of the board. Incorporated territory lying within the boundaries of any city may be excluded from such agency in accordance with the provisions of this section only if upon the exclusion of such uninhabited territory no part of the corporate area of such city will be included in such agency. Such uninhabited territory may consist of one or more parcels, which need not be contiguous one with the other.

Proceedings for the exclusion of uninhabited territory from any agency may be initiated by petition. Such petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by the owners of not less than one-fourth of the land in such territory by area and by assessed value as shown on the last equalized assessment roll of the county or counties in which such territory is situated. A guardian, executor, administrator, or any person holding property in a trust capacity under appointment of court, may sign any petition or protest provided for in this section, when authorized by the proper court, which authorization may be made without notice. The last equalized assessment roll of said county is prima facie evidence of the ownership of the land or lands lying within such territory proposed to be excluded. Such petition shall set forth and describe the boundaries of the area proposed to be excluded, shall state the reason for proposing such exclusion, and shall contain a prayer that such area be excluded from the Antelope Valley-East Kern Water Agency pursuant to the provisions of this section.

The secretary shall present such petition to the board of directors of the agency at its next meeting, and said board, without delay, shall pass a resolution giving notice of the proposed exclusion. Said resolution shall state that said petition has been filed, shall set forth and describe the boundaries of the territory proposed to be excluded, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the exclusion of such territory, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

The board of directors of the agency by resolution may initiate proceedings for the exclusion of uninhabited territory from such agency. Such resolution shall declare that proceedings have been initiated by the board of directors under the provisions of this section, shall state the reason for proposing such exclusion, shall set forth and describe the boundaries of the territory proposed to be excluded, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the exclusion of such territory, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

Said hearing shall be commenced not less than 20 nor more than 40 days after the passage of the resolution of the board of directors. The secretary of the agency shall cause the text of the resolution to be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time so fixed for the hearing, in at least one, but not to exceed three, newspapers published in the agency.

After the date of issuance by the Secretary of State of his certificate reciting the passage of the ordinance approving the exclusion and the exclusion of the uninhabited territory from the agency, the sufficiency of the petition or resolution shall not be subject to judicial review or be otherwise questioned.

At any time prior to the hour set for the hearing of protests, any owner of property within the territory proposed to be excluded may file with the secretary of the agency written protest against the exclusion. The protest shall state the name of the owner of the property affected, and the description and area of such property in general terms. At the hearing, which may be adjourned from time to time, the board of directors shall hear and pass upon all protests so filed. If such protests are so filed by the owners of one-half of the value of the territory proposed to be excluded as shown by the last equalized assessment roll of the county or counties, further proceedings shall not be taken. If such protest is not made, the board of directors shall approve or disapprove the exclusion by ordinance. Any ordinance approving such exclusion shall set forth and describe the boundaries of the territory so excluded. If the board of directors disapproves the exclusion, a new proceeding

to exclude any of the same territory shall not be initiated under this section for a period of 12 months from the effective date of the ordinance.

When an ordinance approving exclusion of uninhabited territory becomes effective, the president and secretary of the board of directors shall file with the Secretary of State a certified copy of the ordinance. Upon receipt of the certified copy of the ordinance, the Secretary of State shall, within 10 days, issue his certificate reciting the passage of said ordinance and the exclusion of said area or areas from said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerks of the counties in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area or areas named therein shall be deemed excluded from, and shall no longer form a part of, said Antelope Valley-East Kern Water Agency, but the taxable property within such excluded area or areas shall continue taxable by such Antelope Valley-East Kern Water Agency for the purpose of paying the bonded or other indebtedness of the Antelope Valley-East Kern Water Agency outstanding or contracted for at the time of such exclusion and until such bonded or other indebtedness shall have been satisfied, to the same extent that such property would be taxable for such purpose if such exclusion had not occurred.

Notwithstanding the eligibility of any territory for exclusion from the Antelope Valley-East Kern Water Agency pursuant to the provisions of this section, the procedure herein prescribed shall not be deemed exclusive and such territory may be excluded from such agency as a separate parcel, or as part of a larger parcel, of territory excluded under the provisions of Section 25.2 of this act.

Sec. 86. The Antelope Valley-East Kern Water Agency organized under the terms of this act may be disorganized or disincorporated in the following manner:

A petition shall be filed with the county clerk of the principal county in which such agency is located, signed by at least 25 percent of the voters of the agency praying for the disorganization and disincorporation of such agency and briefly stating the reasons therefor. Upon the filing of such petition the county clerk shall examine the same within 10 days and ascertain whether or not said petition is signed by the requisite number of voters. When the said county clerk has completed his examination of the petition he shall attach to the same his certificate properly dated, showing the result of such examination, and if from such examination he shall find that said petition is signed by the requisite number of voters residing within the boundaries of the Antelope Valley-East Kern Water Agency, or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be. If the same is found insufficient by him, supplemental petitions may be filed at the times and in the manner and for the same purpose as supplemental petitions to the original petition for the incorporation of the agency. After an election for the disincorporation of the agency hereunder the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

If by the certificate of the county clerk such petition, or such petition as amended or supplemented, is shown to be sufficient, the county clerk shall present the same to the board of supervisors without delay. When such petition is presented by the county clerk as aforesaid, the board of supervisors shall give notice of an election to be held in said agency for the purpose of determining whether or not the same shall be disincorporated and dissolved; provided, however, that in the event the said agency shall have issued bonds, the board of supervisors shall not consider said petition or take any action hereunder until evidence shall be furnished showing said bonds to have been fully satisfied. Said notice of election shall be published in a newspaper published in said agency and determined by said board most likely to give notice to those interested in said hearing, at least once a week for three successive weeks, the last publication to be not more than four weeks nor less than one week prior to the date fixed for the election; said notice shall state that the question of disincorporating said corporation shall be submitted to the voters of said agency at the time appointed for such election, and voters shall be invited thereby to vote upon such proposition by placing upon their ballots the cross as provided by law after the words "For Disincorporation" or "Against Disincorporation." The board of supervisors shall cause a copy of said notice to be mailed by the clerk of said board to each of the directors of said Antelope Valley-East Kern Water Agency, within five days after the date of the first publication thereof, and no election shall be had until proof of such mailing is furnished by affidavit of the clerk of said board. Such election shall be held and conducted in the same manner as the election on the organization of said agency, as nearly as practicable. Within seven days after the date of said election, the board of supervisors shall proceed to canvass the vote cast thereat; if it be found by the canvass of said votes that less than a majority of the votes cast were in favor of disincorporation, said board of supervisors shall declare the petition for disincorporation denied. In case it shall appear from said canvass that a majority of all the votes cast were in favor of disincorporation, said board of supervisors shall make and cause to be entered upon the records of their proceedings an order that the petition for such disincorporation be granted, and declaring that the Antelope Valley-East Kern Water Agency be disincorporated:

said order to take effect at the time hereinafter provided. Said board of supervisors shall in case said Antelope Valley-East Kern Water Agency is so disincorporated, forthwith cause its clerk, or other officer performing the duties of clerk, to make and transmit to the Secretary of State a certified copy of the notice of election hereinbefore provided for, and a statement of the number of voters voting for said disincorporation and the number of voters voting against said disincorporation. Twenty days from and after the holding of the election, in case a majority of said votes were cast in favor of said disincorporation, said Antelope Valley-East Kern Water Agency shall be forever disincorporated.

SEC. 87. Upon the disincorporation of the agency in the manner hereinbefore provided for, the board of supervisors of the principal county shall forthwith, after ascertaining by said canvass that the disincorporation has been carried, determine the amount of the indebtedness of said agency, the amount of money in the treasury thereof and all indebtedness due or coming due the said agency, and the directors of said agency shall furnish the said board of supervisors with a statement showing said amount of indebtedness, the said amount of money in the treasury and all indebtedness due or coming due said agency, and said Antelope Valley-East Kern Water Agency shall before the expiration of 30 days turn over to the treasury of said county all moneys of said agency in his possession, and said county treasurer shall place said money in a special fund to be drawn upon as hereinafter provided for. Upon the disincorporation of said agency every public officer of said agency shall immediately turn over to the board of supervisors of the principal county in which said agency is situated, all public property of every nature and description in their possession, and including all public records and data of every nature and description. Nothing contained in this act shall be held to relieve said Antelope Valley-East Kern Water Agency, or the territory included within it, from any liability or any debt contracted by said agency prior to its disincorporation. All warrants for said indebtedness shall be drawn on order of said board of supervisors of the county, on the fund hereinabove provided for in the county treasury of the principal county. All moneys paid into the county treasury under the provisions of this act shall be placed in the special fund hereinbefore provided for. If at any time after the disincorporation of said agency it shall be found that there is not sufficient money in the treasury to the credit of the fund hereinbefore provided, with which to pay any indebtedness of said agency, said board of supervisors shall have the power, and it shall be their duty, to levy upon, and there shall be collected from, the property within the territory formerly included within said agency subject to taxation for the indebtedness, a tax or taxes sufficient in amount to pay the said indebtedness as the same shall become due; such tax or taxes, assessments and collections shall be made in the same manner and at the same time that other taxes of the county are levied and collected, and they shall be an additional tax within said territory for the payment of said debts. If after payment of all debts of said agency there shall remain any surplus in the hands of said county treasurer to the credit of the fund hereinbefore mentioned, the board of supervisors shall appropriate said surplus and declare a dividend pro rata to the taxpayers of said agency duly paid, and said taxpayers shall have the right to have the amount of such pro rata dividends refunded to them on demand, and the said board of supervisors shall refund such pro rata to said taxpayers and each thereof. The board of supervisors of the county in which any such agency has been disincorporated, shall have the power and it shall be the duty of said board, if the board of directors of such municipal water district shall fail or refuse to return to said board the statement of said amounts as hereinbefore in this act provided, to ascertain the indebtedness, other than the bonded indebtedness, of said agency at the time of its disincorporation, the amount of money in its treasury and the amount due it at the said time; said board of supervisors shall make provision for the collection of the amounts due to said district for the closing up of its affairs, and any act or acts necessary for said purposes not otherwise herein provided for, shall upon the order of said board of supervisors directing the same, be as fully done and performed and with as full effect as if the same had been performed by the proper officers of said agency before disincorporation, and said county shall succeed to and possess all the right of said agency in and to said indebtedness, and shall have the power to sue for or otherwise collect any such debts in the name of said county, and all costs and expenses of ascertaining the facts hereinbefore mentioned, and all other costs and expenses incurred by the board of supervisors in the execution of the orders and duties of said board of supervisors provided for in this act, shall be paid out of the special fund in this act provided for.

It is the intention that the Antelope Valley-East Kern Water Agency shall not be disincorporated until all bonded indebtedness shall have been fully paid, and by the word "indebtedness" as used herein is meant all indebtedness other than said bonded indebtedness unless the latter is expressly used.

SEC. 88. No informality in any proceeding or informality in the conduct of any election, not substantially affecting adversely the legal rights of any citizen, shall be held to invalidate the annexation of territory to, or exclusion of territory from, or the disincorporation of, the Antelope Valley-East Kern Water Agency. Any action

lines shall be made within the four months immediately preceding the election of any director nor shall such change in division lines work a forfeiture of office of any director. Whenever such change is made in the division lines, each director then in office, and until his office becomes vacant by expiration of his term or otherwise, shall continue to be the director for the respective division bearing the number of his division as formerly located even though such director is not a resident of the relocated division. His successor shall be a resident and voter of the relocated division.

Sec. 94. The inclusion in, or annexation or addition to, the Antelope Valley-East Kern Water Agency, of the corporate area of any public corporation or public agency, shall not destroy the identity or legal existence or impair the powers of any such public corporation or public agency, notwithstanding the identity of purpose, or substantial identity of purpose, of the Antelope Valley-East Kern Water Agency. No public corporation or public agency having identity of purpose or substantial identity of purpose shall be formed partly or entirely within the Antelope Valley-East Kern Water Agency existing under this act without the consent of the Antelope Valley-East Kern Water Agency.

Sec. 95. If, in the opinion of the board of directors of the Antelope Valley-East Kern Water Agency, the corporate area of which, as a unit, shall have been included in, or annexed to, a metropolitan water district, the revenues of the Antelope Valley-East Kern Water Agency will be inadequate for any cause to pay the operating expenses of the Antelope Valley-East Kern Water Agency, to provide for repairs and depreciation of works owned or operated by it, and to meet all obligations of the Antelope Valley-East Kern Water Agency, then such board of directors, in the manner provided for the levy and collection of taxes for the Antelope Valley-East Kern Water Agency, must provide for the levy and collection of a tax sufficient to raise the amount of money determined by such board of directors to be necessary for the purpose of paying the operating expenses of the Antelope Valley-East Kern Water Agency, providing for repairs and depreciation of works owned or operated by it, and meeting all obligations of the Antelope Valley-East Kern Water Agency.

Sec. 96. All acts and parts of acts in conflict herewith are hereby repealed. If any section, subsection, sentence, clause or phrase of this act or the application thereof to any person or circumstance is for any reason held invalid the validity of the remainder of the act or the application of such provision to other persons or circumstances shall not be affected thereby. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases or the application thereof to any person or circumstance be held invalid."

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 1000.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, May 29, 1959

*To the Honorable Members of the Senate
of the State of California:*

Assembly Bill No. 1000 is an urgency measure setting forth the apportionment of public school funds and making an appropriation therefor.

The bill is of statewide importance inasmuch as it affects every school district in the State, and is the major appropriation of moneys in the State General Fund. It should receive adequate and careful study. In order that this can be accomplished, it should not await final passage of the Budget Bill.

However, I cannot, in view of the fiscal condition of the State, sign this bill, if approved by the Legislature, should the sum total of the appropriation exceed that recommended in the Budget Bill, as adjusted. This amount is \$636,489,260, which includes \$24,348,000 over and above the normal growth requirements for increased assistance to education as set forth in my Budget Message.

Pursuant to authority granted me under Article IV, Section 34, of the State Constitution, I recommend consideration be given Assembly Bill No. 1000 prior to final enactment of the Budget Bill.

Sincerely,

EDMUND G. BROWN, Governor

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, June 17, 1959

*To the Honorable Members of the Senate
of the State of California*

I am returning herewith, without my signature,

Senate Bill No. 1010, entitled: "An act to amend Section 814.1 of the Agricultural Code, relating to vegetable standards."

My objections to this bill are as follows:

Senate Bill No. 1010 revises the packaging requirements for head lettuce, to require that all head lettuce be packed in regular compact arrangement in certain types of standard containers, and that such containers be closed or lidded, except under certain specified circumstances.

I am informed that as originally introduced, the bill was an industry sponsored measure, establishing uniform standards of packing and containers for the shipment and sale of lettuce, both interstate and intrastate. However, certain amendments completely changed the original purpose of the bill, and in the form finally enacted Senate Bill No. 1010 discriminates in its requirements between various handlers of lettuce being sold to the same retailers, and serves no useful purpose either to producer or consumer. Under these circumstances, the author of the bill, on behalf of the industry that sponsored the measure in the first instance, has requested that it be vetoed.

I am, therefore, returning Senate Bill No. 1010 without my signature.

Respectfully submitted,

EDMUND G. BROWN, Governor

RESOLUTIONS

The following resolutions were offered:

By Senator Rodda:

Senate Resolution No. 180

Relating to the temporary disability of Med Anderson

WHEREAS, John M. Anderson, popularly and familiarly known as "Med" to hosts of friends, has been missed from his customary place as lord of the mailing room of the Senate; and

WHEREAS, For approximately 20 years Med Anderson has been Mailing Clerk, Postmaster and Custodian of Documents, of the Senate, during all of which time he has been a loyal and diligent officer of this body and has been noted for his application to his work and conscientious devotion to duty; and

WHEREAS, Med Anderson has the good fortune to be possessed of a bass voice of unusual range and pleasing qualities, an attribute which has earned him unstinted applause and won him hosts of admirers all over the Country and in certain parts of the Orient which he visited as a member of a celebrated group of vocalists; and

WHEREAS, Med Anderson has for many years been the bass voice in the "Senate" Quartet, which group has contributed harmonious entertainment upon numerous occasions when members have sought relaxation from the arduous and sometimes inharmonious business of making laws; and

WHEREAS, It has often been remarked that Med Anderson's low notes were always melodious and never have been described as a "growl" but, on the other hand, he has been noted for no end of growls at all and sundry who have frequented the Mailing Department of the Senate in the matter of the use of postage stamps, which seemed to him to be superfluous and unnecessary; now, therefore, be it

Resolved by the Senate of the State of California, That its members miss this economy-minded custodian of the postage stamps from his customary place of duty and trust that his illness may soon be a thing of the past and that he may enjoy the blessings of good health for the rest of a long and useful life; and be it further

The following resolutions were offered:

By Senator Burns:

Senate Resolution No. 181

Relating to a Proclamation by the Governor, concerning the 4th of July

WHEREAS, The 4th of July has long been celebrated as the date of the founding of our Nation and ideally should be a time of happiness and celebration; and

WHEREAS, It is unfortunately true that in recent years more and more Americans are meeting violent deaths or serious injuries while traveling on our highways over this national holiday; and

WHEREAS, In the light of this ever-increasing death toll, it seems more than ever appropriate to seek divine guidance and assistance in reducing this fearful death toll; now, therefore, be it

Resolved by the Senate of the State of California, That the Governor of this State be hereby requested to proclaim the Sabbath preceding July 4th, 1959, as a day of prayer and devotion in all of our churches, synagogues and temples to implore divine assistance in the prevention of deaths and accidents on our roads and highways; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit a copy of this resolution to the Governor.

Resolution read, and ordered to third reading.

By Senator Brown:

Senate Resolution No. 182

WHEREAS, The Department of Water Resources has indicated, in its Report on the California Water Plan, dated May 1956, that the mean seasonal water supply available for utilization in Owens Valley is about 590,000 acre feet of average seasonal accretion and that about 270,000 acre feet of water is available for local use after providing for the 320,000 acre feet presently being exported by the City of Los Angeles through its existing facilities; and

WHEREAS, Much of this surplus water is presently being wasted, which is contrary to the policy set forth in Section 3 of Article XIV of the California Constitution; and

WHEREAS, The Department of Water Resources, in the California Water Plan, has declared that every effort must be made to preserve and enhance the fish and

wildlife resources of Mono and Inyo Counties and to expand the recreational opportunities and that it is expected that some agricultural development on the more favorable lands will occur in the future; and

WHEREAS, In order to protect the rights of the residents of this area and to provide a basis for the future development of the surplus waters in this area for beneficial uses therein it is essential that the State file applications to appropriate such surplus waters pursuant to Section 10500 of the Water Code; now, therefore, be it

Resolved by the Senate of the State of California, That the Department of Water Resources review all available information in its records or the records of any other agency with respect to possible developments in Mono and Inyo Counties and that pursuant to such information the department formulate general or coordinated plans for the development of such counties; and be it further

Resolved, That the Department of Water Resources be requested to file applications, pursuant to Section 10500 of the Water Code, for the appropriation of the surplus water available for appropriation in Mono and Inyo Counties, over and above the water which the City of Los Angeles has the right to export from such area through its full aqueduct, for use in Mono and Inyo Counties for beneficial purposes, including domestic, agricultural, fish and wildlife preservation and enhancement, and recreational uses; and be it further

Resolved, That the Secretary of the Senate be directed to transmit a copy of the resolution to the Director of Water Resources.

PRAYER

The following prayer was offered by the Chaplain, Rev. I. E. Metcalf:

Our Father, we have come to the final ending. This legislative term will be a matter of history in a few hours. The record has been written. We have now but to submit it to the citizens of California, to posterity, and to Thee.

"The moving finger writes and having writ moves on,

Nor all our eloquence, nor all our wit

Can lure it back to cancel half a line,

Nor all our tears blot out one word of it."

It would be presumptuous to ask Thine approval of all we have done, for that would assume a stage of perfection we have not attained. We do pray Thy blessing upon the good, and ask Thy forgiveness for all our errors. We have tried to be good law-makers, and as we return to our homes we pray . . .

"The Lord bless us and keep us; The Lord make his face to shine upon us and be gracious unto us; The Lord lift up his countenance upon us, and give us peace." AMEN.

CALIFORNIA LEGISLATURE
SENATE INTERIM COMMITTEE ON SECONDHAND
DEALERS AND AUCTIONEERS
June 18, 1959

The Honorable Glenn M. Anderson, President
and Members of the Senate

GENTLEMEN: Briefly, under the provisions of Senate Resolution No. 200, adopted by the 1957 Regular Session of the Legislature, the Senate Interim Committee on Secondhand Dealers and Auctioneers was charged with the responsibility of studying and analyzing all facts relating to activities of secondhand dealers and auctioneers, the authority of local police, and needed revisions of state laws relating thereto.

While the resolution vested the committee with broad powers, it was not possible to undertake a study of all of the specifics enumerated in the resolution. Therefore, the committee's study was directed to the feasibility of putting into operation a statewide reporting procedure which would cover identifiable secondhand tangible personal property acquired by secondhand dealers.

The committee had before it somewhat limited information in the form of partial testimony given before a previous committee (Senate Interim Committee on Pawnbrokers—Senate Resolution No. 119, 1955). This testimony disclosed that representatives of some of the peace officers organizations and the State Bureau of Criminal Identification and Investigation were of the opinion that the absence of a state law requiring reporting at the local level, and subsequent reporting to the Bureau of Criminal Identification and Investigation, of secondhand merchandise purchased by secondhand dealers and auctioneers contributed to transactions involving stolen property. The testimony also indicated that it was believed that mandatory reporting by secondhand dealers and auctioneers on a statewide basis would reduce the obstacles confronting law enforcement officers in tracing and recovering stolen property disposed of through these sources.

With this background information, the committee began its study by reviewing, analyzing, and comparing a number of local ordinances covering secondhand dealers, related classifications, and auctioneers. The committee found that the provisions of the individual local ordinances were designed to meet local needs, and it appeared that generally their provisions were enforceable and in practice would elicit the necessary information required by the particular law enforcement authority involved.

To assist the committee in determining the need for reporting legislation, a questionnaire was prepared and sent to chiefs of police of the 345 incorporated cities, the sheriffs of the 58 counties, and to officials of the 16 incorporated cities contracting for police services through the offices of the sheriffs. Replies received indicated that five counties and 42 cities were reporting to the State Bureau of

Criminal Identification and Investigation secondhand merchandise which had been acquired by secondhand dealers either through outright purchase or pawn.

The committee reviewed the forms and procedures used by the reporting cities and counties. Because of the divergence in reporting procedures and the entire absence of reports from some areas it was found that the available services of the Bureau of Criminal Identification and Investigation were not being used to the fullest possible extent.

It was apparent that lack of uniformity not only precluded a comparison of reports of stolen property on an exchange basis between local jurisdictions but also by the Bureau of Criminal Identification and Investigation at the state level.

Through the use of this initial information the committee prepared, for discussion purposes only, a proposed act, the fundamental purpose of which was to aid law enforcement agencies in tracing and recovering stolen property by means of statewide reporting by secondhand dealers.

The first hearing of the committee was held in Sacramento. Testimony was received from chiefs of police, sheriffs and representatives of the Bureau of Criminal Identification and Investigation. The draft of the reporting proposal was discussed at length to ascertain the extent of the problems law enforcement agencies encountered in tracing and recovering stolen property and the areas which might require special attention.

As a result of written suggestions and comments from law enforcement officials and testimony given to the committee, the proposed act was revised for purposes of discussion at hearings scheduled in Los Angeles and San Francisco.

Since there was no known statewide list of names of persons or firms who would fall within the proposed definition of a secondhand dealer, the committee solicited the co-operation of the law enforcement agencies in disseminating information as to the time, place, and purpose of the hearing. That this information was widely distributed was evident from the attendance at the hearings and letters received by the committee.

The committee, concerned with the relative value and public interest in statewide reporting of secondhand identifiable personal property as opposed to the burden of compliance had submitted revised copies of the proposed reporting act to all known interested parties prior to the Los Angeles and San Francisco hearings. Testimony was received from antique dealers, auctioneers, auto wreckers, used car dealers, business machine dealers, electric appliance dealers, junk and salvage dealers, pawnbrokers, government dealers, and representatives of law enforcement agencies.

Through testimony, correspondence, and data accumulated, the committee has concluded:

1. That the problems encountered did not prevail exclusively in metropolitan areas.
2. That the absence of reporting on a statewide basis presented an obstacle to law enforcement officers in curbing questionable practices and tracing and recovering stolen property.
3. That a state law pinpointed to specifics, such as one finds in local ordinances, would lead to complexities insofar as local administration and enforcement are concerned.
4. That the provisions of local ordinances presently in force, or which may be enacted in the future, should not be superseded or supplanted by state legislation insofar as reporting requirements are concerned.
5. That statewide reporting by secondhand dealers of identifiable secondhand tangible personal property would assist law enforcement officers in tracing and recovering stolen property.
6. That a bill, substantially as follows, should be passed by the 1959 Session of the Legislature:

An act to add Article 4 (commencing at Section 21625) to Chapter 9 of Division 8 of the Business and Professions Code, relating to the reporting of transactions involving identifiable secondhand tangible personal property.

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing at Section 21625) is added to Chapter 9 of Division 8 of the Business and Professions Code, to read:

Article 4. Identifiable Secondhand Tangible Personal Property

21625. It is the intent of the Legislature in enacting this article to require the statewide reporting of identifiable secondhand tangible personal property acquired by persons whose principal business is the buying, selling, trading, auctioning, or taking in pawn of secondhand personal property, unless the property or the transaction is specifically exempt herein, for the purpose of correlating these reports with other reports of city, county, and city and county law enforcement agencies and further utilizing the services of the State Bureau of Criminal Identification and Investigation to aid in tracing and recovering stolen property.

Further, it is the intent of the Legislature that this article shall not supersede or supplant the provisions or affect the operation of any city, county, or city and county ordinance with respect to reporting by secondhand dealers, as defined herein, whether

or not such ordinance requires incidental holding or releasing of identifiable secondhand tangible personal property required to be reported.

It is the further intent of the Legislature that this article shall be applicable to any secondhand dealer, as defined herein, that is not required to report identifiable secondhand tangible personal property under the provisions of a city, county, or city and county ordinance.

21626. A "secondhand dealer," as used in this article, means and includes any person, copartnership, firm, or corporation whose principal business is primarily that of engaging in buying, selling, trading, taking in pawn, accepting for sale on consignment, accepting for auctioning, or auctioning secondhand personal property.

21627. "Identifiable," as used in this article, means secondhand tangible personal property which bears a serial number or personalized initials or inscription, and shall include secondhand tangible personal property which, at the time it is acquired by the secondhand dealer, bears evidence of having had a serial number or personalized initials or inscription.

21628. Every secondhand dealer shall report all identifiable secondhand tangible personal property which he has purchased, taken in trade, taken in pawn, accepted for sale on consignment, or accepted for auctioning to the chief of police or to the sheriff, in accordance with the provisions of Section 21630, not later than 12 noon of the day following the acquisition of such property.

21629. The provisions of this article shall not apply to any identifiable secondhand tangible personal property which has been:

(a) Acquired in good faith in a transaction involving the stock in trade of another secondhand dealer who previously has made the report or reports required by this article of such property included in the transaction and who states in writing that the report or reports so required have been made, and provided the acquiring secondhand dealer submits a copy of such statement to the chief of police or to the sheriff. Each of the secondhand dealers involved in the transaction shall retain a copy of the statement referred to in this subdivision for a period of three years as a matter of record which shall be made available for inspection by any law enforcement officer;

(b) Acquired in a nonjudicial sale, transfer, assignment, assignment for the benefit of creditors, or consignment of the assets or stock in trade, in bulk, or a substantial part thereof, of an industrial or commercial enterprise for purposes of voluntary dissolution or liquidation of the seller's business, or for the purpose of disposing of an excessive quantity of personal property; or which has been acquired in a nonjudicial sale or transfer from an owner of his entire household of personal property, or a substantial part thereof; provided, the secondhand dealer retains in his place of business for a period of three years a copy of the bill of sale, receipt, inventory list, or other transfer document as a matter of record which shall be made available for inspection by any law enforcement officer; and provided further, that the secondhand dealer notifies the chief of police or the sheriff that exemption from reporting is being claimed under this subdivision. "Industrial or commercial enterprise" and "owner" as used in this subdivision do not include a secondhand dealer;

(c) Acquired in a sale made by any public officer in his official capacity, trustee in bankruptcy, executor, administrator, receiver, or public official acting under judicial process or authority, or which has been acquired in a sale made upon the execution of, or by virtue of, any process issued by a court, or under the provisions of the Warehouse Receipts Act (Article 3B (commencing at Section 1858.01) of Chapter 2 of Title 3 of Part 4 of Division 3 of the Civil Code);

(d) Acquired in good faith as part or complete payment for other personal property by a person, copartnership, firm, or corporation whose principal business is primarily that of selling new personal property directly to the consumer;

(e) Acquired as the surplus property of the United States Government or of a state, city, county, city and county, municipal corporation, or public district and which after requisition or acquisition by the United States Government or by a state, city, county, city and county, municipal corporation, or public district has never thereafter been sold at retail; and

(f) Reported by a secondhand dealer as an acquisition or a purchase, or which has been reported as destroyed or otherwise disposed of, (1) to a state agency by the authority of any other law of this State; or (2) to a city, county, or city and county officer or agency by the authority of any other law of this State or a city, county, or city and county ordinance.

21630. If the transaction takes place within the territorial limits of an incorporated city, or city and county, the report shall be submitted to the chief of police of the city or the city and county. If the transaction takes place outside the territorial limits of an incorporated city, or within the limits of an incorporated city which does not maintain a police department, the report shall be submitted to the sheriff of the county.

21631. Where reporting by a secondhand dealer is required by a city, county, or city and county ordinance, the report shall comply with and be submitted in accordance with the provisions of the applicable ordinance.

21632. In the absence of a city, county, or city and county ordinance requiring any reporting of property acquired by a secondhand dealer in transactions enumerated in Section 21628, the report shall be submitted on forms prescribed by the State

Bureau of Criminal Identification and Investigation and in accordance with the provisions of Sections 21628 and 21630.

21633. The report forms prescribed by the State Bureau of Criminal Identification and Investigation shall consist of not less than an original and two copies. The original and the duplicate copy shall be submitted by the secondhand dealer in accordance with the provisions of Sections 21628 and 21630. The triplicate copy shall be retained by the secondhand dealer in his place of business for a period of three years and shall be made available for inspection by any law enforcement officer.

21634. The chief of police or the sheriff who receives a report on a form filed pursuant to the provisions of this article shall daily submit the original to the State Bureau of Criminal Identification and Investigation.

21635. Where a report is made in conformity with the provisions of a city, county, or city and county ordinance, on a form not prescribed by the State Bureau of Criminal Identification and Investigation, the chief of police or the sheriff who receives the report shall submit to the State Bureau of Criminal Identification and Investigation the information contained in the report concerning identifiable secondhand tangible personal property as set forth in Section 21627 and transactions as set forth in Section 21628.

21636. Every secondhand dealer shall retain in his possession for a period of 10 days all identifiable secondhand tangible personal property reported under the provisions of Sections 21628 and 21630. The 10-day holding period with respect to such identifiable secondhand tangible personal property shall commence with the date the report of its acquisition was made to the chief of police or to the sheriff by the secondhand dealer. The chief of police or the sheriff may for good cause authorize prior disposition of any such property described in a specific report, or a secondhand dealer, in lieu of holding the property for the prescribed 10-day period, may sell or dispose of such property; provided, he obtains the name, address, and description of the buyer and retains this information for a period of three years as a matter of record which shall be made available for inspection by any law enforcement officer.

21637. Nothing herein contained shall be deemed to excuse compliance with the provisions of any city, county, or city and county ordinance or any other state law covering the reporting, holding, or releasing of identifiable secondhand tangible personal property.

21638. The provisions of this article shall not prohibit enactment, amendment, or enforcement by any city, county, or city and county of any local ordinance relating to a secondhand dealer, nor do the provisions of this article supersede any city, county, or city and county ordinance except insofar as such city, county, or city and county ordinance does not require any reporting procedure of identifiable secondhand tangible personal property.

21639. A violation of any provision of this article constitutes a misdemeanor.

The committee acknowledges with appreciation the co-operation it received from persons engaged in businesses involving the acquisition and sale of secondhand personal property and their representatives, law enforcement officers throughout the State, and representatives of the State Bureau of Criminal Identification and Investigation. The unflinching co-operation of all interested parties and their recognition of the respective problems of private enterprise and law enforcement agencies was most helpful to the committee in its study and in the preparation of the proposed legislation which is being recommended by the committee.

Respectfully submitted,

CARL L. CHRISTENSEN, JR., Chairman
JOHN J. HOLLISTER, JR., Vice Chairman
LUTHER E. GIBSON, Member

**SUPPLEMENTARY REPORT TO CONCLUDE THE FINAL REPORT OF
THE JOINT INTERIM COMMITTEE ON ASSESSMENT PRACTICES
TO THE CALIFORNIA LEGISLATURE**

Assembly Constitutional Amendment No. 46, set forth at length on pages 13 to 15 of the *Final Report of the Joint Interim Committee on Assessment Practices*, and Assembly Bill No. 2674, set forth at

length on pages 16 to 26 of the final report, were introduced in the Assembly on April 29, 1959 as a basis for discussion leading to final legislation solution of the problems which grew out of Chapter 1466, Statutes of 1949.

The full report of the committee, set forth on pages 27 to 42 of the final report, analyzed the committee's findings which led to the introduction of its two bills. This supplementary report shall, therefore, be limited to a brief discussion of Assembly Bill No. 2674, as amended in Assembly June 5, 1959, which is the legislation finally passed by both the Senate and the Assembly.

Chapter 1466, Statutes of 1949 is repealed in total. This is done by restoring all language in Art. 1, Ch. 4, Pt. 2, Div. 1 of the Revenue and Taxation Code (Sections 751 to 760) to its exact form prior to enactment of Chapter 1466, by repealing all language in Art. 1, Ch. 2, Pt. 3, Div. 1 of the Code (Sections 1831 to 1843) and adding entirely new language therefore (new Sections 1815 to 1825), and by repealing all other language contained in Chapter 1466.

Restoration of the language in Sections 751 to 760 to its pre-1949 condition completely removes the problem of equalization between state and locally assessed property from the bill. This was done in view of the recent actions by the members of the State Board of Equalization in their responsibility for assessing utilities and railroads rather than passively accepting staff recommendations. Further resolution of problems surrounding state assessments may safely be left in the hands of the board.

The new Sections 1815 to 1825 accomplish three objectives. First, they embody the procedures set forth in the Monterey Agreement between the State Board of Equalization and the County Assessors Association. The Monterey Agreement provided for the conduct of triennial equalization surveys by the board, for discussion of survey appraisals with the assessor involved, for trending survey results up to the current lien date, for tabulating the trended survey results as a basis for inter-county equalization, and for discussion of the tabulations with the several assessors. Writing these sections into the Revenue and Taxation Code provide, for the first time, a solid legal basis for equitable inter-county equalization.

The second objective is accomplished in the last sentences of Sections 1818 and 1819. These provide for the disclosure and publication of the equalization tabulations prepared by the board—in effect, revelation of the assessment ratios prevailing in each of the several counties. This will permit local assesseees to compare their assessments with the level prevailing throughout their county and will give them a solid basis for appeals against alleged over-assessments before the local board of equalization. No longer will they be forced to base their appeals on comparisons with like properties, all of which may be over-assessed. Though the committee does not believe that these full disclosure provisions will completely solve the problems of intracounty equalization, it is firmly convinced that they will open up for inspection the true nature of these problems, permitting corrective legislation if deemed necessary by future legislatures, and will force the several assessors to narrow the spread between assessment levels for various locally assessed properties which is now believed to exist.

The third objective is accomplished in Sections 1823 and 1825. During the series of informal meetings held with county supervisors, assessors and other interested individuals throughout the State, the committee found that the greatest resistance to equalization orders of the State Board of Equalization has been based on the reluctance of local governing boards to reduce their tax rates in inverse proportion to the increase in the assessment level. Failure to so reduce tax rates results in an increase in actual taxes and in a resultant financial windfall to the jurisdiction. The bill requires that equalization orders shall be issued after local tax rates have been set, and that such tax rates shall be shifted in inverse proportion to the assessment level shift after final action has been taken on the equalization orders. Actual taxes due from local assessees thus will remain undisturbed by equalization actions of the State Board of Equalization.

Experience under Assembly Bill No. 2674 will no doubt reveal areas where further improvement will be necessary. However, enactment of this bill will have removed the roadblock which has barred all progress for a decade, and will provide the tools necessary to achieve far superior equalization standards than were ever possible before.

Article 1. Real Property Loan Brokers

3081.01. It is unlawful for any real estate broker to act as a real property loan broker within this State without first registering as a real property loan broker with the Division of Real Estate.

Any violation of this section shall be grounds for disciplinary action by the Real Estate Commissioner pursuant to Section 10176 of the Business and Professions Code.

3081.02. A real property loan broker within the meaning of this article is a real estate broker, other than a lender, who for compensation payable by a borrower or lender, either directly or indirectly, or from the proceeds of a loan, negotiates or solicits a prospective borrower or lender, for the purpose of negotiating a loan to be secured by real property; or who in this State as principal or agent engages in the business of buying, selling or exchanging promissory notes, secured by mortgages or deeds of trust on real property, or makes collateral agreements for buying and selling or for the performance of services in connection with said mortgages and deeds of trust, and who engages in such activities as a main or principal business or vocation or maintains a regular place of business where the public may sell, purchase or exchange such promissory notes.

3081.03. The definition of real property loan broker as set forth in Section 3081.02 does not include the negotiation of loan or loans by a licensed real estate broker in connection with the sale or exchange by him of real property, or the sale or exchange by him of any note or notes made or taken in connection with such transaction.

3081.04. Any licensed real estate broker may file an application for registration as a real property loan broker. The application shall be made in writing to the Real Estate Commissioner, and shall be accompanied by such registration fee as may be established by the commissioner.

3081.05. If the applicant is an individual or a copartnership, the individual or copartner shall file with the application in lieu of said fidelity bond, a bond in the sum of not less than five thousand dollars (\$5,000) issued by and admitted corporate surety insurer, approved by the commissioner, in which the applicant is the obligor. Any debtor or lender claiming to be injured by the fraud, deceit, or willful negligence of any real property loan broker may bring action upon said bond against both principal and surety in any court of competent jurisdiction to recover the damages caused by such fraud, deceit, or willful negligence, or the failure to comply with the provisions of this chapter. 3081.06. The registration as a real property loan broker shall expire at the same time as does the applicant's license as a real estate broker. Thereafter the license and the registration shall run for concurrent periods.

3081.07. When a registration as a real property loan broker has been issued, the applicant's real estate brokers license shall be affixed with a distinctive insignia, as designated by the Real Estate Commissioner, to clearly indicate to the public that the licensee is also registered as a real property loan broker.

3. *A. In the case of a loan secured in whole or in part by a first mortgage or first trust deed of trust if at the time of the transaction it is understood that the deed of trust is to be subordinated to another lien to secure a loan for building or construction and the mortgage or deed of trust contains a provision providing for the subordination of said security to a subsequent lien that may be placed on said property, the total amount of the charges may be as provided in paragraph 2.*

B. In the case a collateral loan is negotiated on a first deed of trust or first mortgage the total charge may be the same as provided in paragraph 1.

C. In the case a collateral loan is negotiated on a second trust deed or second mortgage the total charge may be the same as provided in paragraph 2.

[3.] 4. If before the date of maturity of the loan, the borrower obtains an additional sum or advance of money on the note, the allowable charges on such additional

sum shall not exceed the charges applicable to a new loan for the remainder of the term of the note or any extension thereof.

RESOLUTIONS

By Senator Stiern:

Senate Resolution No. 185

Relative to an interim study of barber schools.

WHEREAS, Various barbers in the State have contended by means of petitions to Members of the Legislature and otherwise that in certain areas of the State barber colleges are operating which enroll students far in excess of the number of practitioners which can be absorbed in the trade; that such schools are operating in direct competition with licensed barbers, using free labor and without taxable payrolls; that some such schools are graduating half-trained and mediocre trainees who cannot find employment for which they were solicited by these schools; and that the operation of some of these schools, in the guise of trade schools, is detrimental to the industry, unfair to the vast majority of students enrolled therein, and imposes an unnecessary burden on the taxpayers; now, therefore, be it

Resolved by the Senate of the State of California, That the subject matter of this resolution, including a study of the matters recited herein, and the entire subject of the operation of barber schools and the laws relating thereto, is assigned to the Committee on Rules for reassignment by it to an appropriate Senate fact finding committee, which committee shall report thereon, including its recommendations for legislation, if any, to the Senate not later than the thirtieth calendar day of the 1961 Regular Session of the Legislature.

A local ordinance may require the payment of a fee as a condition of approval of a final subdivision map for purposes of defraying the actual or estimated costs of constructing planned drainage facilities for the removal of surface and storm waters from local or neighborhood drainage areas.

Such local ordinances may require payment of fees pursuant to this section if:

(1) The ordinance has been in effect for a period of 30 days prior to the filing of the tentative map of any subdivision for which payment of a fee is required;

(2) The ordinance refers to a drainage element of a general plan adopted pursuant to Section 65469 of the Government Code, which contains an estimate of the total costs of constructing the local drainage facilities required by the plan;

(3) The drainage plan, in the case of a city, situated in a county having a countywide general drainage plan, has been determined by resolution of the governing body of the county to be in conformity with the county drainage plan;

(4) The costs, whether actual or estimated, are based upon findings by the governing body that subdivision and development of property within the planned local drainage area will require construction of the facilities described in the drainage plan, and that the fees are fairly apportioned within the local drainage area either on the basis of benefits conferred on property proposed for subdivision or on the need for local drainage facilities created by the proposed subdivision and development of other property within the local drainage area;

(5) The fee as to any property proposed for subdivision within a local drainage area does not exceed the pro rata share of the amount of the total actual or estimated costs of all facilities within the local drainage area which would be assessable on such property if such costs were apportioned uniformly on a per acre basis.

(6) The drainage facilities planned are in addition to existing local drainage facilities serving the area at the time of the adoption of the drainage plan for the area.

Fees required by an ordinance adopted pursuant to this section shall be paid into a "planned local drainage facilities fund." A separate fund shall be established for each local drainage area. Moneys in such fund shall be expended solely for the construction or reimbursement for construction of local drainage facilities within the planned local drainage area from which the fees comprising the fund were collected. An ordinance adopted pursuant to this section may provide for the acceptance of cash or other consideration in lieu of the payment of fees.

A county or city imposing fees pursuant to this section may advance money from its general fund to pay the costs of constructing drainage facilities within a local drainage area and reimburse the general fund for such advances from the planned local drainage facilities fund for the local drainage area in which the drainage facilities were constructed.

A county or city imposing fees pursuant to this section may incur an indebtedness for the construction of drainage facilities within a local drainage area; provided that the sole security for repayment of such indebtedness shall be moneys in the planned local drainage facilities fund.

REQUEST FOR UNANIMOUS CONSENT

Senator Rattigan asked for and was granted unanimous consent to have the following statement by Senators Rattigan, McAttee, Slattery, Teale, Arnold, Regan, and Rodda, regarding Senate Bill No. 1106, printed in the Journal.

**STATEMENT BY
SENATORS RATTIGAN, McATEER, SLATTERY, TEALE, ARNOLD,
REGAN, AND RODDA**

This statement is published as an expression of legislative intent relative to Senate Bill No. 1106. The authors of this statement undertake hereby to memorialize the intent of the 1959 Regular Session of the California Legislature in enacting it into law. We are the authors of the measure itself. We have participated in its drafting, in the composition of amendments to it as adopted, in its continuing consideration by both houses of the Legislature, and in its passage. We thereby distinguish our own expression of legislative intent from statements by those among our colleagues who, also commenting, would editorialize the future rather than memorialize the present. We rely upon our own intent today, as experienced by ourselves, not upon our hopes for interpretation in the future.

We would refer to Section 12938 of Senate Bill No. 1106, and particularly that portion expressed on page 7, commencing on line 18, which reads as follows:

“local needs, including, but not restricted to, flood control, and to augment the supplies of water in the Sacramento-San Joaquin Delta from multiple purpose dams, reservoirs, aqueducts and appurtenant works in the watersheds of the Sacramento, Eel, Trinity, Mad, Van Duzen and Klamath Rivers for use in the State Water Resources Development System”

We did not intend, and we do not interpret the conjunctive “and” (on line 19) as characterizing the language following as words of limitation. We intend and interpret the word “and” to mean that augmentation of the Delta water supply is complementary, supplementary and additional to the fulfillment of “local needs, including flood control,” earlier expressed. We employed the conjunctive term “and,” in preference to “or,” to reflect and refer to two separate, but integrated, adjuncts of a statewide water program: not to refer to unco-ordinated alternatives.

We thereby understood that the intent, meaning and inescapable interpretation of Section 12938, as well as of the entirety of Senate Bill No. 1106, was and is that the facilities and projects therein provided for, namely, projects to meet “local needs,” including those within the watersheds of the Sacramento, Eel, Trinity, Mad, Van Duzen and Klamath Rivers (as well as other watersheds) may be and shall be built, to the extent that funds are provided for in said Section 12938 or otherwise, irrespective of whether or not water derived from such projects will actually augment the supplies of water in the Sacramento-San Joaquin Delta.

We so understood and interpret this language, directly quoted above, in consequence of discussions with, and unvarying explanation by, Mr. Harvey Banks, Director of the Department of Water Resources, and Ralph Brody, Esq., deputy to Mr. Banks and special counsel to the Honorable Edmund G. Brown, Governor of California. These discussions and explanations continued, without variance or equivocation,

through the entire consideration of Senate Bill No. 1106 in this Legislature. We concluded, and we intended and intend, that financial support of projects for such "local needs" is assured and authorized, by Section 12938 and by Senate Bill No. 1106 generally, regardless of the factor of augmentation of the water supply in the San Joaquin Delta.

We concluded, intended and intend that any and all water contracts to be executed pursuant to Senate Bill No. 1106, and any export of water or other deliveries of water effected pursuant thereto, will be subject and subordinate in all respects to the existing statutes pertaining to Counties of Origin and Watershed Protection, or either of them: to affect only "surplus water" as the term is presently and widely understood and interpreted, in fact or in law, in this State: to all vested water rights extant as of the time of consideration and passage of Senate Bill No. 1106: and to all present and future uses of water involved and to be involved.

In hereby expressing our own intent in participating in the enactment of Senate Bill No. 1106, we also intend to be factual, not legalistic. In support of our expressed position legally, however, we here refer to an opinion by the Legislative Counsel of California, which is dated June 19, 1959, but which summarizes our original and continuing understanding of its contents and which follows in full:

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, June 19, 1959

Hon. Edwin J. Regan
Senate Chamber

Water Development: Senate Bill No. 1106—No. 18229

DEAR SENATOR REGAN:

Question

You have directed our attention to Senate Bill No. 1106 as amended in the Senate May 28, 1959, and more particularly to the provision which is contained in proposed Section 12938 of the Water Code and found on page 7 of the bill which reads:

"To the extent that money is expended from the California Water Fund for construction of state water facilities, proceeds from the sale of bonds . . . is appropriated and shall be expended for the construction of such additional facilities of the State Water Resources Development System as the department shall determine to be necessary and desirable [1] to meet local needs, including, but not restricted to, flood control, and [2] to augment the supplies of water in the Sacramento-San Joaquin Delta from multiple-purpose dams, reservoirs, aqueducts and appurtenant works in watersheds of the Sacramento, Eel, Trinity, Mad, Van Duzen and Klamath Rivers. . . ." (Emphasis added)

You have asked if the word "and" (italicized above) would be construed in the conjunctive and, if so, would the provision require that all facilities under [1] above for "local needs" must be facilities under [2] above "to augment the supplies of water in the Sacramento-San Joaquin Delta."

Opinion and Analysis

From the provision quoted above it is clear, in our opinion, that while the word "and" is used in the conjunctive and would authorize expenditure for both "local needs" and "to augment the supplies of water in the Sacramento-San Joaquin Delta," it does not require that each facility serve both purposes. In other words, we believe that the provision in question would authorize expenditures for *either* or *both* local needs and to augment the supplies of water in the delta. The determination of the particular facilities to be constructed is expressly left to the discretion of the Department of Water Resources.

It is noted that the provision in question specifically distinguishes additional facilities constructed to meet local needs from the additional facilities constructed to augment the supplies in the Sacramento-San Joaquin Delta by broadly expanding the local needs as including, but not limited to, flood control which might or might not augment the supply of water in the delta. Similarly the facilities to augment the supplies of water in the Sacramento-San Joaquin Delta are specifically identified as being multiple purpose dams, reservoirs, aqueducts and appurtenant works in the watersheds of the Sacramento, Eel, Trinity, Mad, Van Duzen and the Klamath Rivers.

We conclude that "additional facilities" contemplated would be either or both those necessary and desirable to meet local needs and those necessary and desirable to augment the supplies of water in the Sacramento-San Joaquin Delta.

This conclusion is supported, we believe, by the well established rule of statutory construction that all parts of a statute must be read together (45 Cal. Jur. 2d, pp. 626, 627). The next sentence in proposed Section 12938 following the provision in question reads, in part:

"Such additional facilities for local needs *shall* include those necessary to conserve or develop water which is tributary to the stream upon which any of the facilities of the State Water Resources Development System are constructed * * *" (Emphasis added.)

Facilities to meet local needs would undoubtedly include works, which, like flood control structures, would not augment the supplies of water of the Delta. Considered in light of the language quoted above, which *requires* that such facilities be included, it is clear that facilities for local need not augment the water supplies of the Delta.

In considering the interpretation of the provision in question, at various times while Senate Bill No. 1106 has been pending before the Legislature, we have consistently construed the provision as discussed above. We so concluded in our opinion to you under Request No. 15625 dated May 25, 1959. In so doing, we have based our opinions solely on the language of the bill. We note that conflicting statements which appear on page 5661 of the Assembly Journal for June 17, 1959, and on page 5915 of the Assembly Journal for June 18, 1959, present differing interpretations of the provision in question. While any such statements of legislative intent might be material in considering the interpretation to be given this provision, we cannot attempt to evaluate the effect of these statements until such time as the corrected copies of the

Journals of both houses of the Legislature for this session of the Legislature are available and any other statements, materials or facts which might likewise bear on the matter are available.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

REQUEST FOR UNANIMOUS CONSENT

Senator Rodda asked for, and was granted, unanimous consent to have the following statement printed in the Journal:

STATEMENT BY SENATOR RODDA

Speaking on behalf of the freshman and the senior Members of the Senate, I wish to express to the staff of the Senate our appreciation and gratitude for their fine work throughout the session in keeping the legislative machinery in smooth and efficient working order. Without their indispensable assistance the legislative processes would have come to a standstill. Not only has the staff worked effectively, but it has worked in a friendly and helpful manner. All of us are grateful for the many friendly gestures and acts of assistance which we have received from individual members of the staff at the desk and from the Sergeants-at-Arms.

We wish, also, to convey our thanks and appreciation to Lieutenant Governor Anderson for his outstanding work as presiding officer and to commend him for his patience and fairness in presiding over the deliberations of the Senate.

To Senator Hugh Burns, we wish to express our sincerest thanks for the patient and intelligent manner in which he has handled the difficult duties of the President pro Tempore. Always ready to help, Hugh has been a friend to everyone and deserves the thanks of all.
